According to the President, the first batch of 51 districts, for the implementation of the 1-District-1-Factory policy, have been identified, for which the 'Asempa Budget', as approved by Parliament, has earmarked \$465 million for setting up of the 51 factories.

"All I ask for is God's wisdom, guidance and strength, and, I assure you that by the end of my first term in office, each district would have a factory. 51 out of 216 in my first year indicates that even before my first four years are over, each district would have its own factory," he said.

President Akufo-Addo made this known on Thursday, April 20, 2017, the final day of his 2-day tour of the Brong Ahafo Region, during separate courtesy calls on the Omanhene of Sunyani, Nana Bosome Asor Nkrawiri II, and the Omanhene of the Dormaa Traditional Area, Oseadeeyor Agyemang Badu, at their respective palaces.

The President told the Chiefs that the purpose of his presence in the Region, and in their palaces, was to thank the people of the Region, and in particular

“Whether you voted for me or not, whether you supported me or not, I am going to be President for all, and I am going to work with each and every one of you. As President, I need the support of all the Chiefs and traditional rulers across the country. This is the only way by which we can develop all parts of the country, and bring prosperity to all,” he said.

Addressing the issue of “galamsey”, the President stated that his government has resolved to stopping this menace, which is destroying lands and water bodies, stressing that “the Ghana bequeathed to us by our forebears is the same Ghana we must leave for the unborn generations.”

On the recent happenings in Kumasi involving the issue of Delta Force, President Akufo-Addo stated that if the rule of law is to work in Ghana, then law must be no respecter of person, neither should it be a respecter of one’s political affiliations.

“If you, as a paramount chief, flout the law, the law must deal with you,” he said

With the Omanhene of Dormaa requesting for the construction of a Sports Stadium for the Brong Ahafo

and national resources in Ghana, the President assured that in due time, these requests will be granted.

"I inherited a poor economy. My predecessor did not leave me much money. What he, rather, left me was a lot of debt. Nonetheless, we are beginning to turn the fortunes of our country around, and we will find the money for the construction of the stadium and the completion of the University," he added.

On the decision to listen to Ghanaians, and accommodate various shades of opinion on national matters, the President stated that "it is for this reason that I invited my three predecessors to seek their views on certain governance and developmental related issues. They accepted my invitation and gave me invaluable advice. This will not be a 'one-day-wonder'. It will be a feature of my administration."

At a durbar held at Dormaa Presby Park, where a durbar of Chiefs and people of Dormaa was held in honour of him, President Akufo-Addo assured trainee nurses of the restoration of their allowances from September 2017.

Additionally, the Free SHS policy, he added, will commence from September 2017, beginning from the

"All the promises I made in the campaign are not just mere promises. These are pledges I will fulfill, and I assure you that under my administration, Ghana will be returned onto the path of progress and prosperity," he said.
